How We Share the Personal Information that We Collect.

Please see the above chart for the categories of PI collected and the business or commercial purposes for which they were collected.

The above categories of PI are shared with the following categories of third parties:

- **Hotel, Resort and Hospitality Companies.** We disclose PI and other data to hotel, resort and hospitality companies for the purposes described in this Privacy Policy, including to facilitate your stay at properties owned or managed by us, to administer loyalty programs, and to accomplish our business purposes.
- **Strategic Business Partners.** We disclose PI and other data with select Strategic Business Partners who provide goods, services and offers that enhance your experience at properties owned or managed by us or that we believe will be of interest to you. By sharing data with these Strategic Business Partners, we are able to make personalized services and unique travel experiences available to you. For example, this sharing enables spa, restaurant, health club, concierge and other outlets at properties owned or managed by us to provide you with services. This sharing also enables us to provide you with a single source for purchasing packages that include travel-related services, such as airline tickets, rental cars and vacation packages.
- **For external processing.** We provide PI to our affiliates, trusted businesses or partners, or vendors to process it for us based on our instructions and in compliance with our Privacy Policy and any other appropriate confidentiality and security measures. For example, we may use or disclose this information with these third parties for external processing as follows:
 - With your consent or as you direct;
 - To manage the Site;
 - To process payments and requests for products and services;
 - To provide you with products, services, or offers;
 - To coordinate your participation in our loyalty reward or similar programs;
 - To engage in marketing activities, such as sharing personal information with our partners to deliver advertisements to our shared customers;
 - To enhance our services by, among other methods, obtaining assistance with providing more personalized services to you through analytics and other technologies;
 - To protect our interests and legal rights, such as through responding to subpoenas and defending litigation; and
 - To protect against and prevent fraud, illegal activity (such as identifying and responding to incidents of hacking or misuse of our websites and mobile applications), and claims and other liabilities.

We do not share PI with third parties for their own marketing purposes.

- **For Legal Reasons.** We will share PI with companies, organizations or individuals outside of the Company if we have a good-faith belief that access, use, preservation or disclosure of the information is reasonably necessary to:
 - demonstrate our relationship with you.
 - meet any applicable law, regulation, legal process or enforceable governmental request.
 - enforce applicable Terms of Use, including investigation of potential violations.
 - detect, prevent, or otherwise address fraud, security or technical issues.
 - protect against harm to the rights, property or safety of the Company, our users or the public as required or permitted by law.

We attempt to notify users about legal demands for their PI when appropriate in our judgment, unless prohibited by law or court order or when the request is an emergency. We may dispute such demands when we believe, in our discretion, that the requests are overbroad, vague or lack proper authority, but we do not promise to challenge every demand.

- **Business Transfers.** If we establish a new related entity, are acquired by or merged with another organization, or if substantially all of our assets are transferred to another organization, PI about our users is often a transferred business asset. In the event that the Company itself or substantially all of our assets are acquired, PI about our users may be one of the transferred assets.
- **Aggregate Site Use Information.** We may share aggregate or anonymized/pseudonymized information with third parties in order to promote or describe use of the Sites, for research, marketing, advertising, or similar purposes.

Submitting California Consumer Rights Requests. To submit any of the California Consumer Rights requests as outlined in this California Privacy Policy, please contact us via our third-party hotel management company, Davidson Hotel Company LLC, at (844) 823-2381 or davidsonhotelsdsr.ethicspoint.com. Additionally, you will need to describe your request with sufficient detail to allow us to review, understand, assess, and respond. PI collected from an individual to determine whether a request is a verifiable consumer request may not be used for any other purpose. We reserve the right to charge a fee to process or respond to your request if it is excessive, repetitive, or manifestly unfounded. If we determine that a request warrants a fee, we will attempt to notify you as to why we made that decision and provide a cost estimate before completing your request. We will attempt to respond to a verifiable consumer request within forty-five (45) days of receipt, but we may require up to ninety (90) days to respond, under which circumstances we will notify you of the need for an extension.
